

# Hey PACER Fans!!

Would you like to have a re-cap of the first ever football playoff team? We are taking orders now for a scrapbook that recaps the entire season.

This book includes photos beginning with football camp during the summer. It includes photos taken by professional photographer, Mark Freado, father of assistant coach Michael Freado. His love for football is captured throughout the season, along with all the newspaper articles about the PACERS. This book includes 130 pages of PACER memories of their winning season.

Each JV-Varsity player will receive one of these books at the banquet on December 1st. If you would like to purchase a copy of this book, please complete the order form and send in by Dec. 5th, 2008.

All net profits of this scrapbook will be donated to the Heartland Hospice in Marion, OH, in the name of Dale Moll, who passed away in June of this year. (Father of Kandi Akers, who made this scrapbook along with a few others.)
